

# THE AYDAN EURO

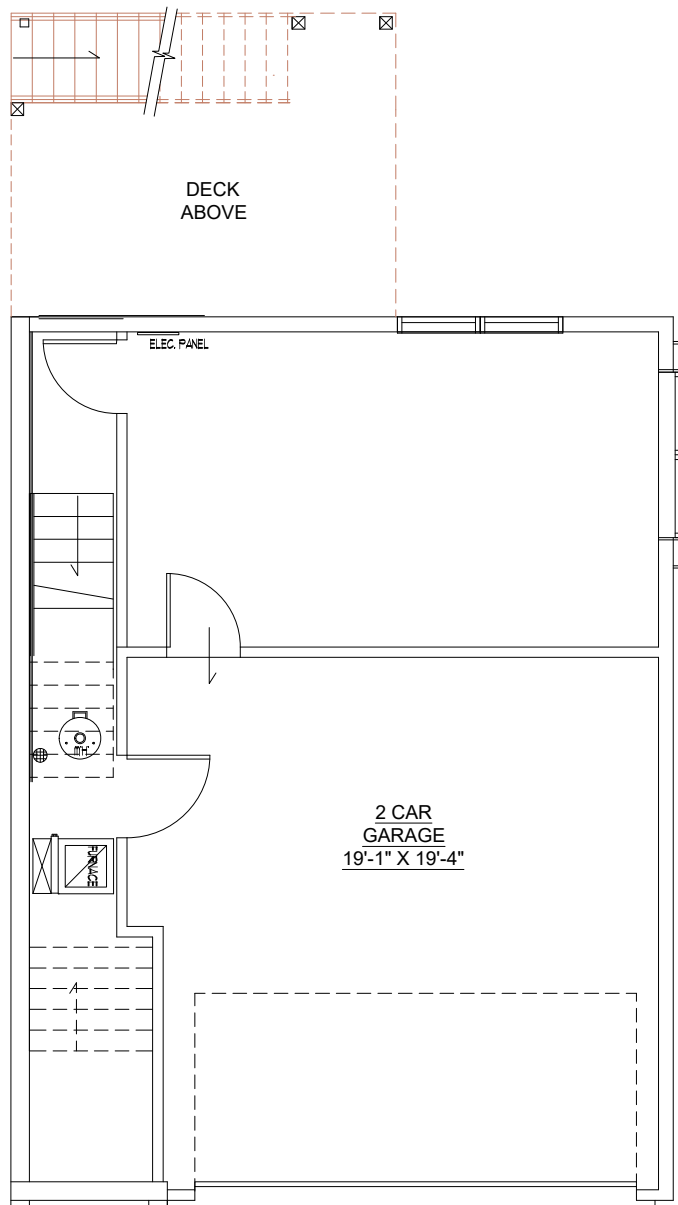

## LIVING LARGE WITH LESS

The Aydan Euro includes an additional bedroom behind the garage and an option for a rooftop deck. The Aydan Euro is a three-story gem offering a first floor garage or basement option. With steps leading to the 2nd floor open concept and offering all-season doors, this level offers exceptional space for entertaining. The third floor provides for a private bedroom level with access to your own personal rooftop patio. The Aydan is a great floorplan to call home as it offers so much space for a small footprint.
